The unique, truly striking layered terrain of Santiago is home to the bizarre, yellow-crowned night heron and marine wildlife such as lobster, starfish, and marine iguanas that graze on algae alongside Sally Lightfoot crabs. Colonies of fur seals swim in volcanic rock pools. After landing in Sullivan's Bay on southeastern Santiago Island, walk through the otherworldly landscape of solidified *pahoehoe* lava flows, formed during the last quarter of the 19th century. *(B, L, D)*

Day 14: Sunday, April 9, 2028 Santa Cruz - Disembark Ship - Quito - Tour Ends Your last landing in the Galápagos is on the north side of Santa Cruz at Bachas Beach, where ponds entice Galápagos flamingos to visit and iguanas to sunbathe, and where coastal birds, such as Darwin finches, mockingbirds, and gulls, flutter among the red and black mangroves. This beach is also one of the main sea turtle nesting sites in the Galápagos and home to the remains of barges that sank during World War II. Important Tour Information:

Book Now rates valid until May 27, 2027, valid on air inclusive packages only.

The overall activity level of this tour is a level 5. This means you're ready to seize the day, whatever it may bring. You lead an active life at home (walking, biking, and half or full day hikes are things you may enjoy) and 10,000 steps a day is normal for you. You can handle longer walking tours (more than 3 hours covering 3+ miles at a steady clip) and activities that involve traversing uneven terrain, steep slopes, standing for periods of time, and varying altitudes and temperatures. You don't mind being on the go with some early starts, late nights, and full days. You can handle altitudes of 9,000 feet or higher with little to no issue. This level is not appropriate for travelers who use wheelchairs, walkers, and other mobility assistance devices.

This sailing will have a maximum of 15 travelers; however, if we are unable to fill the minimum capacity of 9 on the yacht, inventory will be opened to the general public.

Travel with an average of 13 people (maximum of 15).

In general, hotels in Peru (outside of Lima) are small with one or two levels and do not have elevators, which may require you to climb 10-15 steps to get to/from the room.

A normal daily schedule on board the ship starts with breakfast, immediately followed by a shore excursion, lunch aboard the ship, and then an afternoon shore excursion. Transfers to/from the boat are done by small boats called *pangas*. Landings are either "dry" or "wet", and you might have to wade ashore in shallow water. You are accompanied by your naturalist guide at all times. Shore excursions normally last 2 to 2.5 hours each. In some cases, the terrain can be a little strenuous. Travelers should consult their physician if they have any concerns regarding their physical condition.

If you require any special assistance while on tour, please make us aware at the time of reservation so the necessary request form can be sent to your attention.

*While cruising the Galapagos, our ship's program is subject to change due to weather conditions or national park directives, as well as seasonality, which may influence animal behaviors. The captain may deviate from the published itinerary for any reason he deems advisable.

During this tour, you will spend 7 consecutive days at altitudes over 8000 feet / 2438 meters.

This tour includes some longer travel days. On days when you have internal flights, you can expect early morning departures. Traveling from Cuzco to Quito requires two flights and you can anticipate about a 10-hour travel day.

Machu Picchu is extremely popular, and entry is managed through several designated circuits. For your included group visit, Collette will make every effort to secure Circuit 2, as it offers some of the most iconic viewpoints. However, due to limited availability and high demand, assigned circuits can vary and specific circuits cannot be guaranteed. Additionally, travelers who book within 150 days of departure may be assigned a different circuit and, in some cases, a different entry time than the main group, depending on what permits remain available at the time of booking.

The days and order of sightseeing may change to best utilize your time on tour.

Cabins available are Lower (Standard) Cabins, located on the Lower (Sea) Deck. Upgrades may be available for Junior Cabins located on the Main (Earth) or Upper (Sky) Decks. Please inquire at the time of booking.

The yacht has a limited quantity of cabins available in each cabin category, and some cabins may only have one bed. Specific categories are available on a first-come, first-served basis. We will make every effort to accommodate your cabin category preference at the time of booking. If the cabin category preferred is not available at the time of booking, the next closest category available will be offered and a surcharge may apply.

Single accommodations are limited and will be confirmed upon request and availability from the cruise line. Triple accommodations are not available.

Travelers with dietary restrictions or food allergies should be aware that included meals may feature pre-set menus showcasing local cuisine. Dietary needs may be shared with restaurant staff when possible; however, accommodations cannot be guaranteed. Travelers are encouraged to discuss their needs with their Tour Manager while on tour. Due to local ingredients and food preparation practices, options may be limited and cross-contamination may occur.

Smaller coaches, which may not be lavatory-equipped, may be used on this tour. In this case, frequent stops are made during travel periods.

Backpacks brought into Machu Picchu cannot exceed 40x35x20cms/16x14x8in or have a capacity larger than 20 liters. Backpacks that exceed the indicated measurements can be left in storage, at an approximate cost of $2 US Dollars. Due to tour scheduling, return flights should not be booked prior to 8:00 p.m. on the last day.

Galapagos National Park entrance fees (approximately $200 US Dollars) and INGALA Transit Control Card (approximately $20 US Dollars) are included in the land price of your tour.
